REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior arts fail to teach or fairly suggest the use of a junction circuit for exchanging data between a central data path and at least one another data path for a memory communication. Further, all the cited references herein also lacks any teachings on a means for "resetting" said data junction for a subsequent data transfer when an input monitor signal indicating that the previous data transfer has been completed. The prior arts also fail to disclose or remotely suggest any method for performing the data transfer using this special junction circuit arrangement (see claims 1, 21, and 25).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
